Product Description

EnCstore offers premium quality NFC Business Card which allows you to share your contact information, business details at seminars, corporate events and workplace.

Our NFC contactless business cards support a sleek and modern design, an embedded Near Field Communication (NFC) chip such as the NTAG 213, NTAG 215, NTAG 216 chip to store your name, phone number, email, and other details on the chip, or to link it to a dynamic vCard for quick sharing. NFC business card can share info with just a tap on NFC readers or NFC smartphones.

Our NFC-enabled Cards and smart contactless digital business cards work on HF RFID 13.56 MHz frequency, and allow you to customize your Online Digital Profile at lowest price in India.

We offer NFC business cards in custom designs, dual side, single side printing, where you can customize it, add business logo, business QR Code, etc. These contactless business smart cards are compatible with both Android and iOS devices with NFC, allowing users to seamlessly share information in business meeting and events and enable digital payments with a tap.

Card Applications

- Smart Business Cards
- Gift Cards, Loyalty Cards
- Access Control Card
- Room Key Cards
- Digital Payment Cards
