Product Description

Get the L02 BLE Location Tag is a simple Bluetooth 5.0 asset tracking tag for real-time tracking of equipment, tools, and inventory.

It helps reduce search time and improves asset visibility in warehouses, factories, hospitals, and retail environments. It uses the nRF52 chipset for stable performance and can cover up to 150 meters range.

The IP67 design protects it from dust and water, making it suitable for tough industrial environments.

The L02 Bluetooth Beacon has a replaceable 1000mAh CR2477 battery that lasts around 4–5 years and can detect movement and tampering

Tag Applications

- Warehouse asset tracking
- Factory equipment tracking
- Hospital asset management
- Retail inventory tracking
