

EnC - Zebra FX9600 DC Power Supply Adapter KIT

Key Features

Brand

Zebra

Power supply type

Indoor

Output power

78W

Output voltage

24V

Output current

3.25 A

Compatibility

FX7500/FX9600/ATR7000

Product Description

The Zebra Power Supply Adapter for the FX9600 RFID Reader is specifically designed to provide consistent and reliable power to ensure optimal performance of the [FX9600 RFID reader](#). This adapter is engineered to meet the power requirements of the FX9600, delivering the necessary voltage and current for uninterrupted operation.

With its durable construction and precise voltage regulation, the Zebra Power Supply Adapter safeguards the FX9600 RFID reader from power fluctuations and ensures stable performance in various environments. Whether in industrial settings or retail environments. Zebra Power supply adapter also compatible with FX7500 and ATR7000.

Applications

- ❖ Warehouse
- ❖ Manufacturing
- ❖ Logistics
- ❖ Retail
- ❖ Asset Tracking

Technical Specifications	
Power supply type	Indoor
Output power	78W
Output voltage	24V
Output current	3.25 A
Compatibility	FX7500/FX9600/ATR7000
Color	Black
Operating temperature	-20°C to +55°C
